
MATTHEW SABATINI

805 CASTLE POINT TERRACE HOBOKEN, NJ 07030 · MATT.SABS@GMAIL.COM · (201) 788 - 6664

- OBJECTIVE:** Experienced computer engineering student interested in obtaining a summer internship, offering creativity and problem solving skills to contribute to current company engagements and gain experience in the field.
- EDUCATION:** **Stevens Institute of Technology**, Hoboken, New Jersey
Major: Computer Engineering Expected May 2018
GPA: 3.13, Presidential Scholarship
- Major Subjects:** Information Systems (TCP/IP), Microprocessor Systems, Algorithms and Data Structures, Circuits and Systems, Thermodynamics
- SKILLS:**
Programming: C/C++, Javascript, PHP, SQL, Java, Bash/UNIX Scripting, Python, Assembly, HTML, CSS, AngularJS, Bootstrap
Hardware: Freescale HCS12 Microcontroller, Agilent Oscilloscope, Arduino
Programs: MiniIDE, Eclipse, MATLAB, Arduino IDE, Word, Excel, Photoshop
Personal: Excellent time management, team player, self-motivated, attention to detail
- EXPERIENCE:** **iSport360 SportsTech**, Manalapan, NJ 5/16 – Present
Technology Lead
- Implemented and currently secure a new main web server through bash and PHP.
 - Manage a small team of developers through the development process with agile and scrum sprints.
 - Update and simplify the current AngularJS frame and continue to develop the API.
- MediQuest**, Records Retrieval, Hackensack, NJ 10/14 – 3/16
Director of Product Development, Co-Founder
- Designed and developed an Internet application for submitting and retrieving medical records.
 - Managed 5 interns daily and trained them on the new software.
 - Implemented security measures and systems consistent with the requirements of HIPAA law.
 - Established and maintained backend server systems with measures to keep the application dynamic and current over time.
- We-Care.com**, Sweeps4aCause, New York, NY 6/15 – 9/15
Programmer/Engineer Internship
- Designed and developed updates and bug fixes to the company’s web applications.
 - Learned how to work properly in a team environment through Atlassian’s JIRA.
- Smart Consulting Group**, Flushing, NY 11/12 – 1/13
Mobile Developer
- Designed and developed a mobile application directed at incoming college students studying for the SAT and ACT.
 - Collaborated with and reported to company executives on a daily basis.
- ACTIVITIES:** Computer Science Club, Stevens Club Volleyball, Investment Club, Theta Xi Fraternity
- REFERENCES:** Available upon request
